Grants available for research projects
Academic year 2008-2009

IE University, in collaboration with the Circle of Arts and Technology of Segovia (CAT), and in keeping with their shared interest in applied, interdisciplinary research relevant to Spain and the region of Segovia, are pleased to announce a joint program of research grants for academic year 2008-2009.

The research topics should be interdisciplinary and related to one of the following areas:
- Development of entrepreneurship
- Business start-ups
- Application of new technologies
- Leisure and leisure activities

The deadline for presentation of proposals is October 27 (Monday). All proposals will be evaluated by a joint committee composed of representatives of the CAT and the IE University Research Office. IE University will inform applicants of its decision before October 31, 2008. Applicants may request funds for travel, conferences, equipment and material, or research assistants, as necessary to carry out the proposed research.

Special consideration will be given to projects that involve the creation of interdisciplinary research groups.

The proposal to be submitted must include the following points:
- Project title
- Brief description of the project (maximum 2 pages)
- Individuals who will participate in the project
- Proposed research budget
- Resumes of the research team.

The maximum length of the projects is one year.

The decision will be based on
- Quality of the project proposal
- Background and qualifications of the research team
- Interdisciplinary nature of the research
- The committee may call in outside evaluators to make its final decision.
